WEB DEVELOPER

EMILY LARKIN

Creative full-stack web developer with a background in Fine Art and customer service. Driven to create visually engaging and user-friendly web applications. Eager to take on web development challenges since graduating.

EXPERIENCE

Barista | Cup Coffee Shop | Current
- Part time employment while completing coding bootcamp.
- Developed an e-commerce website for the shop – please see projects and portfolio.

Interpreting Team | Word360 | March 2022 - February 2023
- Dealt with Client and Interpreter queries in a timely manner over email and a large volume of calls.
- Managed Interpreter bookings by sourcing linguists and working to KPIs.
- Worked on IT tickets, using MongoDB to help users with locked accounts and to investigate system malfunctions.

PROJECTS

Cup Coffee Shop | Group Project | Developer
- Designed a responsive UX using React.JS with Styled Components.
- Developed with Express.JS, MongoDB, GraphQL and Apollo Server.
- Implemented Nodemailer to allow emails to be sent using a contact form.
- Used Google Maps API to display the location of the shop.
- Created a checkout for the retail page using Stripe.
